ENERGY & WATER SOLUTIONS

 ENERGY  WATER  
SOLUTIONS

 [www.hannaik.com](http://www.hannaik.com)

# PORTABLE GENSETS

1kVA  10kVA

Wide range of 3000rpm (50hz) and 3600rpm (60hz), diesel or gasoline portable gensets, with power varying from 1kVA to 10kVA.

We can supply multiple configurations and set-ups, serving as a main power source or emergency, always with engines and alternators from reputable brands.

# INDUSTRIAL GENSETS

10kVA  800kVA

Wide range of 1500rpm (50hz) and 1800rpm (60hz), diesel and gas gensets, with power range between 10kVA and 800kVA.

They can be supplied with different configurations and set-ups, serving as a main power source or emergency energy, and are always provided with engines and alternators of reputable brands and European quality standards.

# HEAVY RANGE GENSETS

800kVA  3500kVA

A careful choice of instruments and control systems as well as a careful coupling operation, ensure the high quality and reliability of our products.

The technology and requirements specified by our technical department, combined with a high level of knowledge are the essential contribution to overcome construction problems.

Our solutions may be applied as stationary or mobile equipment, soundproofed or open.

## CONTROL SOLUTIONS

## ALTERNATOR SOLUTIONS

## ENGINE SOLUTIONS

# INDUSTRIAL SWITCHBOARDS

16A  3200A

We specialise in the design and manufacture of electrical switchboards for the purpose of power distribution and control.

Our focus is to provide means to a safe control and isolate the flow of electricity used in any industrial installation.

## SOLUTIONS

# WATER PUMPING SOLUTIONS

EN 12845

Extensive range of EN12845 fire-fighting booster sets comprising models with 1 or 2 service pumps, powered with electric or diesel engines. All our sets can also be supplied with a pilot pump for pressurising the fire-fighting system.

## PUMPING SOLUTIONS

## ENGINE SOLUTIONS

# SPARE PARTS

The spare parts activity arises to meet the needs of our customers by providing them with the possibility of getting quality pieces at a fair price.

The competitive price combined with quality of parts are and will always be our motto.

We offer a wide range of controllers, electrical and mechanical parts.

## SELF OEM PROVIDER

# SERVICE

**MAINTENANCE**

**REPAIRS**

**ASSEMBLY**

We are able to provide a 24/7/365 (24 hours a day/ 7 days a week/ 365 days a year) customized support and maintenance services. Any needed repair, presumes a careful and competitive budget towards failure, diagnosed by our specialized technicians. Therefore, maintenance performed by HANNAIK, comply with all the requirements stipulated by manufacturers. Aware of these duties as well as the willingness of users to properly maintain their equipments, we provide preventive and corrective maintenance contracts, if desired by our costumers. All stationary equipment requires installation and assembly in the designated location: HANNAIK has technical skilled teams qualified to perform the installation of our equipments.

HANNAIK guarantees its equipment by 24-month period in reserve scheme or 12 months in continuous work process without maximum working hours limit.
